

# Pumpkins, Pumpkins, Pumpkins

The Pumpkin Elf came to visit our classroom last night and left pumpkins for all of our students. They are for them to enjoy as they wish.

We will be having a decorating contest here at school if your child wants to participate. If they are interested, they will need to decorate their pumpkin in the most original way.

They should bring their decorated pumpkin back to school on Wednesday, October 24<sup>th</sup> for the contest. Children will be bringing their decorated pumpkins back home with them by Friday, October 26<sup>st</sup>. First place wins a prize.

The children can use paint, markers, paper, or whatever else comes to mind. We are asking that the children DO NOT carve their pumpkins because we have found that they rot too fast to last the duration of the contest.

Your child does not have to participate in the decorating contest! They are free to just enjoy their pumpkin at home.
